BOD CANDIDATES

Some of these have not been updated since August

Dave Allen I have served on the BoD since 1979. I was president from 92 to 97, and 99. A lot of good things have been accomplished, and more to come. I am not afraid to make a decision, and will do so, as long as I think it is in the best interest of AGC.

Gary Ames I would like to take a moment to introduce myself to you and tell you of a few reasons I am running for the Board. I have only been a paying member of the club for 3 years now, but have spent close to 30 years of my life out here. My father, Dean Ames and Dick Hebert have been life long friends and helped to build the club the way it is today. I can remember spending many weekend's and evening's growing up, working on numerous projects at our club. To sum it u, this club has been a home away from home for me. I started working for the club around 12 years old as a trap boy and graduated to head trap boy several years later. I then became interested in sporting clay shooting and then ran the clay's course for 3 summers. I have not hit the big 40 and have become interested in shooting my revolvers and teaching my 10 year old son how to shoot his .22 rifle as well. The reason I would like to throw my name in the hat is because I feel like I owe it to the members as well as the younger generation and truly want to try and make a difference for ALL the shooting sports enthusiasts as well as myself and OUR younger generation! The last thing I would do as a member of the Board would be to take sides with any of the different shooting entities we currently have. We all, as members, love our particular sport and need to continue to work together to keep our club open and respectable to everyone involved. If you would like to talk to me, I am out at the club at least twice a week and would love to hear your input and concerns. Thank you for your consideration.

Roger Briden I am running for a board position even though my current term is not up. This is the result of the recent Board decision to place all 15 Board positions up for election to allow the members to decide who shall run their club. It is my position that no additional funding of the Denver lawsuit by AGC be approved. I do however believe that the prior board support was appropriate and justified as being in the best interest of the Club, its members, and the shooting community. I believe that communication to club members has suffered greatly and that the ability

to provide members with both sides of an issue in some reasonable and balanced manner does not now exist. Recent threatened legal action by a single club member makes all persons who choose to volunteer their time and effort to question "Is this worth it?" I choose to serve with a Board that is interested in working together to serve the club. If we can't operate with cooperation no one wins and I have no interest in service to such a membership. The lawsuit funding issue will be decided by the membership. With that behind us the Board must turn its attention to administration of the club. It, and past board members should not have to look over their shoulders to see if some overzealous lawyer is coming to threaten ones livelihood. I feel the dedication of the following should be recognized and urge your support for them: Bill Hall, Steve Fowler, Dave Allen, Cary Smallegan, Fred Hamblen, and Matt Walker. I have been straightforward with you about my views. If you feel I will provide you a board member who is interested in the club and not petty power struggle politics then please vote for me, if not, don't.

Robert Cale I have been a member for almost 3 years. I first joined the club to have a place to shoot. Most of my shooting is done between Mondays and Fridays. I have developed more of an interest in the many shooting venues at the club such as NRA Action pistol, PSAC, and Silhouette. From what I have recently read and heard, I've become dismayed and have decided to get off the fence and get involved in what is happening in the Club. The club should be the primary consideration because without the club, there would be no place to shoot. As far as the lawsuit is concerned, it should be dropped in favor of keeping the club solvent. Denver gun control laws should be fought, but that is the job of the NRA, CSSA, and other gun advocate groups. With the proper modifications I also believe we could make our club safe and keep it where its located. I will be an impartial member of the BoD. I have no special interest backing. My only agenda is to keep the club open and advocate for the right to keep and bear arms for as long as I am able to breathe. It is time to quit sitting on the fence and start getting the club onto the right track. I would appreciate your vote. Thank you!

Bill Chin I am a retired police sgt and have been an AGC member for 10 years. My primary interests are military rifles and muzzle loaders. Most of you know that I was recently appointed to the Board. I only served for 4 months before being removed over the objections of our club president and four other board members. Unfortunately, my removal was followed by the resignations of 4 fine board members who no longer felt that they could serve on a board that was acting unprofessionally, without integrity and in violation of state laws. Fortunately, these facts are coming out with all remaining board members resigning. I'm asking for your support in the upcoming election. Hopefully, we will have a fair and balanced board that only acts in the best interest of the AGC. Please vote!

Bill Craig I am running for a position on the BoD. If elected I will do my best to help stabilize the board and to consider what is in the best interest of the club and act accordingly. I see this position as a service position and as such will invite and incorporate input from the membership in my decisions. In summary I will work for the membership. 15565 E. Quinn Pl., Aurora CO 80015, Hm 303 680-2294, Wk 720 858-5071.

David Dankowski Hello, I have been a member of the AGC for 11 years. I am currently a range officer and have been active in the magnum shooting and silhouette shooting disciplines. I would like to help and work to maintain our club. All shooting sports are important to this club, not just a few. Please consider me for you vote for the AGC BoD.

A. J. Davis I am running for the AGC BoD. During my 30 plus years as a member I have helped with many projects. The most recent was building and installing the new rifle and shotgun racks. Prior to this project I helped build and place tables on the 100 yard line. Having retired with 35 years of operating heavy equipment I have spent many hours on the club tractor (and enjoyed MOST of them). I have seen this club grow and prosper over my 30 years of membership and I would like to see it continue to do so. It is my belief that by becoming a member of the Board I could give my experience to help make good decisions for the Aurora Gun Club and it's members. My opinion is that ALL disciplines are important to the operation of the AGC and deserve equal consideration. I also feel that our funds should be spent wisely in the best interest of the club and it's members; keeping in mind that we may have to relocate in the future. I will keep an open mind to all suggestions from the members of the Board and will vote in the best interest of the members. Thank you for taking the time to read my thoughts and voting for me.

Ed Eubank Twelve years AGC club member. Life NRA. I have no political interest. I am interested in all phases of shooting and the survival of our club.

Steve Fowler The AGC finds itself in an unprecedented position. I have previously served two terms on the BoD. During that time I have had the pleasure to serve with some very fine and dedicated people. We always managed to treat each other with respect and disagree like gentlemen. It's good that the lawsuit question will be decided by the membership. This single issue made it impossible for some members of the BoD to act like adults. I'm asking for your support in my bid for reelection. During my tenure on the BoD, I have worked on several projects to benefit the club as a whole, to include the new doublewide classroom building and parking lot improvements. During this divisive campaign, some people have said that BoD members have plans to put individual shooting disciplines above the other shooters and above the interests of the AGC. This is not now and has never, during my tenure, been true. I believe that no major changes are required in the operations of the club. As we all know, we're being quickly surrounded by houses. The best option would be to move the club. Unfortunately, the cost of land in the Denver area would mean we would have to move so far east; no one may be willing to make the drive. The club can remain where it is only if we make some major improvements. The City of Aurora currently owns property to the south of the club and has plans to build a police and fire training complex including both rifle and pistol ranges. I've been proposing a baffle system to make it much harder for rounds to accidentally leave the range. This will not be cheap, but may be our only hope of keeping our club. If I'm elected, this will be my next major project for the betterment of the AGC. The AGC finds itself at a critical juncture in our history. What each and every one of our members do now will determine our future. Past election turnouts have been very thin. Please attend this election and vote. However, before you do vote, please take the time to learn where each of us stands on issues important to you. Thank you for taking the time to read my words. If you have any questions feel free to call and ask them. Day: 303-739-1840 or evening 303-745-2529.

Paul Fritz I have been a member since 1993, shortly after moving to Aurora. I was president of a gun club for about 13 years and resigned because of location to Aurora. I am a life member of CSSA and the NRA. I'm a member on the ILA Grass Roots committee and participate in most antigun hearings as I pay close attention to our gun rights. I belong to the ATA but don't shoot in registered matches. As club president, I shot in every discipline and did not favor one over the other. I support all of them equally and encourage more participation from our future, the youth

and women's groups. At AGC, I have served as range officer for 5 years and, if seated on the BoD, I will do my best to keep the club operational and open to our shooting sports. I also believe the membership should be well informed and given opportunity to participate in controversial matters. 2220 S Lewiston St, Aurora 80013, 303-750-7481, 720-85-3850, lpfritz@myexcel.com

Bill Hall I am running for my third term on the Board. I have served as the Chief Range Officer and have worked on many of the maintenance issues with the club. I installed the drop ceiling in the clubhouse, built the handicap ramp to the trailer and I have been working on our new gate system since it was put in. My last maintenance for the club was to help do the ditching for the new waterline to the caretaker's house and install the electric lines to our new buildings. My home is a two-minute drive from the club. My location has been convenient during club emergencies and also positioned me to work as a liaison between the gun club and residents of Thunderbird and Gun Club Estates. Issues will come up in the next year as the gun club continues to see new neighbors and development. It is important that we keep this club running safely in order to ensure we have a place to shoot in the future. I look forward to working with the community and club members in the next year. I would appreciate your support in the upcoming election.

Joseph Huber I would like to be elected to the AGC BoD. In so doing I feel that I can give something back to the club by sharing my experience from the past several years. I joined the AGC in 1979. I have been involved in shooting High Powered rifle, Pistol, Revolver, Shotgun, Black Powder and of course .22's. I have taken three third places and one first place in the old club sponsored all round fun shoots. I am an NRA certified rifle and pistol instructor. I am presently a Range Officer at the AGC. I am a life member of the NRA. I was manager of two plants for Westinghouse. I am still an active hunter and have hunted large and small game as well as water fowl. I was involved from the beginning with the development of the Highlands Ranch Law Enforcement Training Center with its 8 ranges. I was a range officer and firearms instructor at the Highlands Ranch Law Enforcement Training Center. I was also an armorer for the Douglas County Sheriffs Department.

Terry Humbargar I am asking for your vote to serve on the AGC BoD. You may recognize my name as I was on the BoD until August when I resigned in protest of what I felt was illegal and unethical behavior by the BoD. It is my opinion that at the September BoD meeting this was verified. I was the lone "no" vote (12-1) on the lawsuit that approved \$25,000 of club money for the lawsuit in 2003. I did not and I still do not believe the AGC should be involved in this suit. At the time I stated this was a huge amount of money and the membership should have been surveyed. This amount of money would go a long way toward club improvements or relocation if necessary. AS a member of the BoD I felt it was my duty to manage the club funds responsibly and I still do! My belief is that this club is for all the members and not for a select few. I shoot military, black powder and magnum handgun, but support all of the shooting disciplines. I would like to continue to see our club prosper and become the premier shooting facility in the state. I have been active in range improvement, i.e., new range officer shed, magnum handgun shed, new rifle and shotgun racks and the work days. I would ask for your vote to become a member of this new BoD and strive to work for all members. Thank you for considering me to serve you.

Richard Immel I am asking for all the members of the AGC to vote for me for a seat on the BoD. My main concern as a Director would be the preservation of the AGC as a facility available to all shooting. I feel the club assets and energies should be directed at either maintaining a safe

shooting facility at our current location or relocating to a suitable site. I am very concerned the club will find itself squeezed out of its current site by the city of Aurora or by encroaching developments to the south. I feel this issue should definitely take precedence over the infamous lawsuit. I do not believe a majority of the members of this club favor our participation in this lawsuit. Certainly very few members I have talked to about this are in favor of it. I have heard what I consider to be reasonable opinions that this lawsuit could cost the club \$250,000 and take years to resolve, probably in the state Supreme Court. These same opinions predict this lawsuit is unlikely to be resolved in our favor. I feel this is simply too much risk to club assets that need to be used for operating and relocating the club. There is an extremely militant faction on the AGC BoD who recently have unfairly removed a member of the BoD so they can replace him with another individual who supports the lawsuit. This was an underhanded, illegal act of political chicanery that has no place at this club and should not be condoned. This same faction on the BoD cancelled the most recent election after opening the accumulated absentee ballots, disenfranchising many of the members who had submitted those ballots, and inconveniencing many more who came out to vote on the appointed day because they were not aware of the cancellation. These actions are intended to preserve their shrinking majority in support of the lawsuit. This same faction attempted to remove the President of the club for exercising his constitutionally protected right of free speech. AGC Presidents have routinely attempted to keep us members informed of issues we wouldn't otherwise be aware of. Requiring that the president's message be edited by the BoD to insure compliance with their opinions, while this faction on the BoD may publish anything they please is unacceptable to me. Whatever the merits of the lawsuit, which I believe are few, I can't believe the members of this club support and condone the behavior of these lawsuit militants who were attempting to preserve their majority on the BoD. I have been a member of this club for about 14 years and am only interested in making sure that it survives and prospers by providing a safe place to shoot for its members. I'd appreciate your help in doing that.

Mike Jorgenson I am running for a position on the board of directors for the AGC. I'm involved in many disciplines including, but not limited to: Cowboy Action, Trap, Black Powder, and Black Powder Trap. My last term on the board was in the position of Second V.P., where I was in charge of club maintenance. I have no personal agenda for wanting to be on the board, beyond wanting what is best for the club.

Frank Knight Hi members, I would like to introduce myself, and ask for your vote in the AGC elections on November 7th. Over the last 3 years I have helped the club by arranging the new heating and air conditioning system, helping with the bidding of the parking lot paving, and arranging the purchase of the new trailer. I am currently working on the replacement of the front door and windows for the clubhouse. I think it is important to work for the privilege of having a club like the AGC. I think I can best work for the interests of the club and the shooters as a board member. With new development happening all around the club I believe my experience with the processes for project approval would be of great help to the club. I would encourage all members to vote, important issues are before the board and this is your chance to have a say in what direction the club will take. So no matter what your views on the issues or whom you support, vote, it is part of the responsibility that goes with the privilege of being a member of the AGC.

David Lassen I am running for the AGC BoD. I have been a member for about 10 years. I have lived in Aurora for the last 22 years where I have operated Buckley Square Veterinary Clinic. I originally joined the club to learn about trap shooting, but along the way I have acquired several

other shooting disciplines. I shoot Centerfire rifles from .223 Rem to .460 Wthby. I enjoy black powder rifle and shotgun shooting. I also have a fair collection of Sharps, Ballard, and Remington Buffalo rifles that I shoot on occasion. More recently, I have taken up cowboy action shooting as well. The experiences I have gained from shooting with the people of these various shooting disciplines will allow me to help keep the AGC moving in a positive direction where all the members will be able to enjoy as many of the various shooting sports as possible. If elected, I will work to deliver the best possible shooting experiences to the majority of our members, and I will work to keep the 2nd Amendment alive and well for all of the members of the AGC.

Michael Miller I have been a member of AGC for about 30 years. I am running for the BoD and would like to serve the membership of the club in continuing the improvement of the AGC and its facilities for the benefit of the entire membership. My family and I have enjoyed the facilities and worked on many work projects. I feel that all of the shooting disciplines are important for the club and maintenance and improvement of the facilities for the enjoyment of the membership is a major responsibility of the board. I would appreciate your support and vote.

Rob Rathburn I am the current AGC President and have worked hard this year to provide BoD focused on running a Gun Club. My goals for our Club are simple. 1) No allocation of Club funds for political action activities without a vote of the membership. 2) Restoring ownership of this club to the members, not special interests. 3) Safeguarding club finances to prevent the spending of our relocation fund for other than its intended purpose. 4) A complete audit of Club finances with a full published report to our membership.

Greg Sether I have been a member of the AGC for 8 years. My family and I enjoy all that our club has to offer. I would like to help keep our club open, running and enjoyable for all members. That is why I'm running for BoD.

Cary Smallegan I am running for my third term on the AGC board. As a member for 15 years, I've seen many changes here and been involved in a lot of them. Remember the "big flood" - didn't we have fun for weeks after that one? More recently, improvements in the parking, classroom facilities, storage, a new well (necessary), were all brought to you by the present board. Since 1986, I have been involved with the Hunter Education program with over 2500 students taught here at AGC and the Youth Hunter Ed Challenge (in the last nine years) has had over 150 young people take part. In the NRA handgun classes, I have taught over 120 students and over 60% were AGC members. Colorado's first ladies and youth wing shooting clinic. I may not be the most vocal member of the board, but I think listening to the members' concerns and voting their wishes is important to the future of AGC. Thank you for considering me with your vote.

John W. Steinmeyer C.V. I am a sixty six year old, retired mechanical engineer who has been a member of AGC for the last three years and a frequent guest for a number of years prior to that. I'm usually found on the 100 yd. range, but have been known to shoot some trap on Wednesdays. I also shoot skeet most Tuesdays at the Golden Gun Club. I do not shoot competitively in any discipline other than against myself. If elected, I offer the following: I will not vote to support the present lawsuit or any variation thereof, I will work to improve the present facility and its operation, I will offer my services on any committee working on a long range plan for AGC including new range planning and possible land selection and acquisition, I will be willing to listen to any member on any AGC related issue, but I will not have an affiliation with any particular group or discipline. Thank

you for your consideration.

Randy Still With the upcoming elections in December, I would still like to be considered to be on the Board of the AGC. During the past 6 years, I have participated in all the work parties, board meetings, and was the Magnum Handgun Representative for 5 years. I would like to help take the Club in a new direction, and would appreciate your vote.

Marvin Tritschler

Martin Visnak Hello, as all of us know, the AGC has been through some recent changes and we as a club have even more changes ahead. In the near future, the membership of AGC will need to decide the direction the club will follow on various issues and the BoD will have to implement the will of the membership. I would like to be considered for the BoD to help the club which I enjoy and use remain in its current location and improve with time. I may not be up to speed on all the issues facing the AGC but I am, and I pledge to do my very best for the benefit of the entire club. I feel the club should be a wide selection of specific disciplines. Importantly however, I would like to see the AGC remain a place where we can all go to shoot and be around others who love the same things we do! I really enjoy the friendships I have made at AGC and the comradery I see among all the shooters there! I have been a member of the club for over 3 years now. I personally like to participate in the Military Rifle competition, the CMP matches just to come out and shoot on my own. I am a reloader and I enjoy all types of pistol and rifle shooting and load development. Served in the United States Army (active and reserve) from 1985 until 1995. While serving I had the opportunity to run 1911/92FS pistol and M16 rifle on multiple occasions. I have also been a member of the NRA for as long as I can remember. If you will trust me with your vote I will return the trust by working my hardest to make the club what we all decide to make it. Hopefully we can all look forward to many more years of enjoyment and freedom to exercise the Second Amendment to the Constitution the AGC. Thank you for your consideration.

Matt Walker I am writing this letter to express my interest in running for re-election, for the BoD. A lot of hostile events have transpired this year, and that is why I think it is very important that we have a strong unified board, and with this election, the members have the chance to do that. I have always had the club's, and individual's rights in mind when making a decision and I will continue to do so. I think that it is important to fight for rights and also keep the gun club running, and yes that does mean that I voted to fight the City of Denver, and at the same time continue to make decisions on improvements that have kept the club looking like a top-notch shooting facility. I have told many people that I am always available to answer questions on what I stand for and what my opinion is, and I will continue to, and feel free to contact me. (walkercod4@aol.com) Thank you.

ELECTION CORRECTION

The election will be on SUNDAY, November 7th.

-Greg Watson, Election Committee

DR. DENNIS A MORGAN D.D.S.

Died July 29, 2004, an AGC member since 1966. An avid shooter & gunsmith. He spent most of his time at the number 1 bench at 100 yd range or at the 200 yd range. He liked to joke about keeping all of his money in the bank of the Aurora Gun Club. Dennis has two sons that still frequent the club. He will be missed.

-Kathy Knapp

CMP

We had another good turnout for the October match. The match was 10 rounds rapid fire prone, and 10 rounds rapid fire sitting. Match winner was Squad Barman Rob Rathburn, with a 183. Backed up by M1 Rifleman Dan Bugh, 181-1x. First tyro, Larry Oliveria, 1903A1, 180-3x. Second, John Kelley, USN M1, 140-2x. Third, Silas Yocum, 1903A1, 139-1x. This was the last match for 2004. We will start up again in March or April. Special thanks to Dan Bugh & Rob Rathburn for their continued support. Thanks to Martin Visnak for work on the frames, to John Kelley for bringing new shooters. To 'Doc' Johnson for ticking with it. See you all next year.

-Pete Benoit 720-939-5396

THANKS

Thanks to Al Main and the Muzzleloaders. They always help me during Hunter Sight-in. They are a bunch of good shots, and gentlemen of the highest caliber.

-Pete Benoit

ROCKY MOUNTAIN MEN BLACKPOWDER RIFLE

Fifteen shooters thought it was a good day to shoot, so they came out for our monthly shoot on Oct 3rd. We hung out the Gongs to see who would be Champ for a Day. That turned out to be A. J. Davis. A.J. seems to be making a habit of being the Top Gun here lately. The top six shooters were:

A.J. Davis - 124, Terry Humbargar - 118, Dave Allen - 100, Jim Jeffreys - 93, Rick Geist - 88, Jack Giampapa - 85 (Beat the "Little Man" by two points).

Perfect scores were recorded on the Bears by Dave, Terry, Dustin Hafen and Deak Flinchpaugh. A.J. got one on the Chickens. Others shooters were: Chuck Steinman, Les Lokken, Tom Rock, Elwayne Hafen, Don Philips, Bill Hensley, and Steve Foster.

Well guys, I messed up. The October shoot should have been the Uncle Dave Cross Sticks Match. We will make it our November Shoot. Our shoot is November 7, the same day as the Board of Directors Election. We will work our shoot in around the election so come on out for our regular starting time of 10am. We may try to get started a few minutes early, so you guys that usually show up right at the starting time might want to be there a bit earlier this shoot. See you then.

-Al Main

The weather was nice and so was the turn out with the return of Bill Ramsey from his long absence. Hunting season is coming and we will have to see if enough shooters show up next month to have a match, so please try to attend and bring a friend if you can and let's enjoy the nice weather while it lasts. The next match is set for Nov 13th at 9am. I hope to see all of you there. Any questions, call me at 303-750-3936.

-Don Fisher
